COLLEGES & UNIVERSITIES

College students have a passionate and personal connection to their food. They are arriving on campuses as knowledgeable foodies expecting a top-notch dining experience that is fresh, flavorful, diverse, convenient and healthy. All things being equal, students are flocking to colleges and universities that offer distinct and progressive food options. Are you ready?

Food Power

You're different. We are too. Food has the power to distinguish an experience. Our differentiation is serving yours. You want to serve vegan, kosher, organic, halal, vegetarian, gluten free, ethnic? No problem! You want oven-fresh rolls and scratch only, whole food dishes? Done! You want humane, cage-free products and biodegradable disposables (containers, cups, napkins, utensils)? You got it! You want 24X7 access, multi-stations, grab-and-go express meals and traditional holiday feasts? Can do! Together we'll collaborate and authenticate a program that meets your goals, satisfies your cultural personality and enhances your student experience.

Soul Food

Every member of our on-site operations crew is savvy, candid, and engaged. The Personal Touch team will draw students into casual and ongoing collaborations that produce inspired menus and engaging events that appeal to your whole community. You can be sure that your students are treated like our best customer: we cater to their likes and dislikes, choosing recipes and making product changes with their preferences in mind. Our goal is to create a dining experience that reflects the cultural soul of your campus.

We Are At The Head of Our Class.

We get it. We know the food is as much a part of your mission as everything else. You need a partner that sees food as a unifying aspect of the college community and an integral part of the educational process. You want an entrepreneurial partner that will seize every opportunity to differentiate and enhance your brand. You're searching for an invested partner that specializes in the kind of demographic tailoring and meal customization that will tell you a thing or two about your students. You want a partner with a personal touch.
